

Solaseed Air's first international charter flight on KAOHSIUNG-MIYAZAKI

We, Solaseed Air (Skynet Asia Airways Co., Ltd./Hiroshi Takahashi, President & CEO, Miyazaki) are pleased to announce its first international charter flight between Kaohsiung, Taiwan and Miyazaki, Japan.

Since we entered our first service by a flight Miyazaki-Tokyo back in 2002 we have continuously supplied quality services as "The wing of Kyushu & Okinawa" in Japanese domestic markets and today we have 68 flights a day to 10 destinations, operated by Boeing 737-800. Now we will finally achieve the first international charter flight between Kaohsiung and Miyazaki where our head quarter is located.

Solaseed Air and JPK International Air Services (Mr. Rober Jan, President, Taipei), a contracted GSA (General Sales Agent) in Taiwan for the consignment of this operation, are working closer to encourage people in Kaohsiung and South Taiwan visiting Miyazaki/Kyushu to be experienced in Miyazaki's unique culture including Japanese mythical world, to discover beautiful landscapes or having fabulous local cuisine. This will continue invigorating local communities and more traffic between these two cities.

Please expect something new on Solaseed Air's first international charter flight.
